THE NEXT GENERATION

April 21, 2012
UW Tower Auditorium

WELCOME

CONNECT

Created in the spirit of TED's mission, "ideas worth spreading," TEDx is designed to give communities, organizations and individuals the opportunity to stimulate dialogue through TED-like experiences at the local level. TEDx events are fully planned and coordinated independently, on a community-by-community basis.

Today, we gather to discuss **The Next Generation**.

To us, the next generation isn't just about people. It's also about ideas, ways of thinking, and perspectives.

We don't know what lies ahead, but we know it's going to be revolutionary. Together at TEDxUofW, we're hoping to get one step closer to it. Our sessions on **Business, Culture, and Technology** aim to empower you and the community around you to build and become The Next Generation.

By talking about tomorrow today, we create agents of change.
